

Practical No 9

Aim : Write A Program To Demonstrate Routing In Express.js.

```
import express from "express"

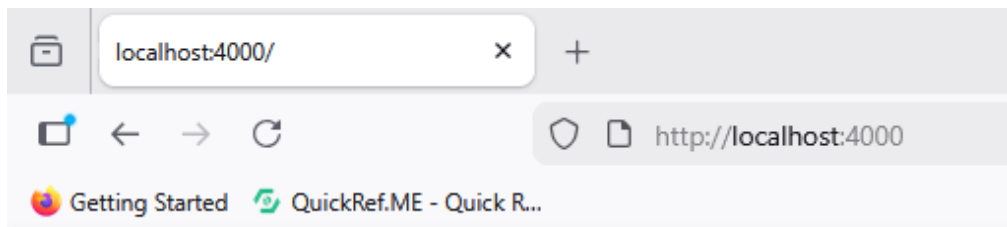

const port = 4000
const app = express()

app.get("/", (req, res) => {
  res.send("Hello World!, From Server.")
})

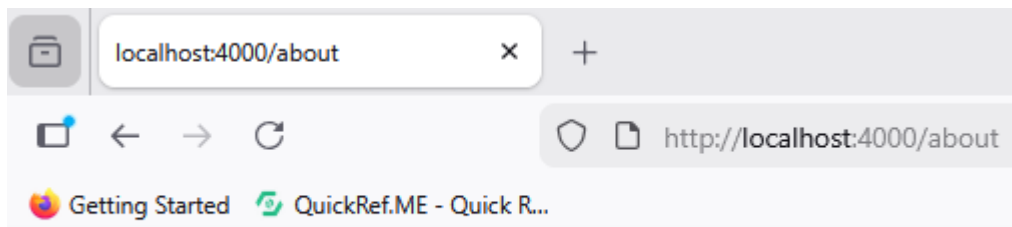

app.get("/about", (req, res) => {
  res.send("This Is About Page")
})

app.get("/contact", (req, res) => {
  res.send("This Is Contact Page")
})

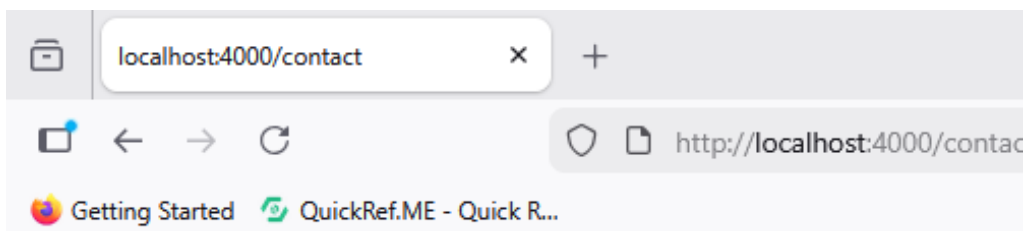

app.listen(port, () => {
  console.log(`Server Started On : localhost:${port}`)
})
```

Hello World!, From Server.

This Is About Page

This Is Contact Page
